

---

## SUMMARY

---

I am a passionate software developer with 3+ Years of experience, specializing in Ruby on Rails and React. I am a quick learner and a self-starter, always looking for new challenges and opportunities to learn. I strongly believe in the power of open-source and community, and I love to give back by sharing my knowledge. I enjoy working from the command line, building tools and automating things.

---

## EXPERIENCE

---

### Tech Lead, Incubyte | Jun 2021 – Present

Remote

- Led a Ruby on Rails and Next.js project, working with a US-based client in the healthcare sector.
- Implemented multiple MVPs and features with end-to-end ownership, from discovery to revenue.
- Led DevEx initiatives, identifying and resolving blockers, improving team performance.
- Built dev systems, internal tools, and automated workflows and introduced new practices.
- Built strong and lasting team relationships, fostering an open and supportive environment.
- Expertise: API Design, Data Modeling, CI/CD, Dev Tooling, Globalization, Accessibility, Mentoring

### Project Engineer, Wipro | Sep 2020 – Jun 2021

Remote

- Enhanced a legacy code base, working with a Latin American client in the consumables sector.
- Developed foreign currency support for critical business modules in Java Swing.
- Integrated SAP Crystal into the invoicing process, replacing the custom legacy system.
- Automated deployments to QA and Production using Python and Bash.
- Acted as a translator between English and Spanish for requirement gathering with clients.

### SDE Intern, Edifixio | Dec 2018 – Jan 2019

Kolkata, India

- Built an Android app for real-time monitoring of IoT device data using Bluetooth Low Energy.
- Deployed the app to AWS Lambda, ensuring high reliability and performance.

---

## ACTIVITIES

---

### YouTube | Jun 2020 – Present

Channel

- I make videos on dev tooling and software development, documenting my findings.

### Mentors Without Borders | Mar 2020 – Present

Remote

- Volunteering as a mentor, teaching web dev to students, helping them get a job in tech.

---

## EDUCATION

---

### BIET (MAKAUT), B.Tech. in CSE | Aug 2016 – Aug 2020

Suri, India

- Dedicated most of my time to self-learning and contributing to open-source. GPA: 8.4/10.

---

## SKILLS

---

**Programming** Ruby, TypeScript/JavaScript, Java, Python, Bash, Lua, Go, Rust, Elixir

**Frameworks** Ruby on Rails, React, Next.js, NodeJS, Spring, Flask, Android, Phoenix

**Data** GraphQL, ActiveRecord, SQLAlchemy, Postgres, MySQL

**DevOps** GitHub, Circle CI, Azure, AWS, Heroku, Aptible, Docker

**Testing** RSpec, JUnit, Jest, Enzyme, PyTest, Cypress, Pact

**Spoken Languages** English, Hindi, Bengali, Spanish, Japanese (Learning)
